Media Statement

Australia's leading independently-owned financial adviser network Professional Investment Services (PIS) has announced the internal appointment of David Spiteri to Regional Manager Risk (Southern).

David, who was previously the risk branch development manager for Victoria and Tasmania, has now acquired strategic responsibility to further grow and develop PIS' risk footprint in Victoria (VIC), Tasmania (TAS), South Australia (SA) and Western Australia (WA).

According to the March 2010 NMG Report, PIS are the largest risk distribution for new business sales and have held that position over two years. PIS are keen to augment its position of risk in Queensland by duplicating that success in the other States. Results in NSW, VIC, TAS, SA and WA have provided an excellent platform for that to occur.

PIS is a compelling story in the risk space. The combination of independent ownership, active referral sources, product choice, training and development programs and choice of remuneration and business model, make the Group an attractive proposition for risk advisers.

David Spiteri and the PIS team are currently recruiting for David's Melbourne based replacement.

About Professional Investment Services

Professional Investment Services is Australia's leading independently-owned network of financial advisers and accountants.

We aim to be a partner of choice to our advisers and accountants by providing them quality services, support and education to enhance their professionalism.

Our network of advisers and accountants provide their clients with quality financial advice and a wide choice of products and services to suit their individual circumstances.
